CHALLENGE OF A CHANGE

For centuries upon centuries time has brought many changes. People change. Styles change. Buildings and even cars change.

The big change in our community came in 1957, when Central and Chester became Manchester High School. In March, 1959, a dream was born at the ground breaking ceremony for the new high school. On December 4, 1960, this dream finally became a reality when our new school was dedicated to a great and worthy cause--the education of our present generation and the generations to come.

Each change was a challenge to someone. Students, staff, administration, and patrons alike were presented with an enormous challenge. The new school with its all-new equipment demanded that everyone involved set a precedent to be followed in the years to come.

To stimulate and activate our minds let's forever keep a goal before us. Let us reach for the highest and forget not our challenge.

Climb every mountain, ford every stream.

Follow every rainbow, 'til you find your dream.

A dream that will need all the love you can give
